✳ Required before final submission

Welcome to the **Terra Foundation Collection Grants Letter of Inquiry (LOI)** form. An LOI is a brief description of the project for which you seek a grant that the Terra Foundation uses to determine whether to invite a full proposal. Text and all attachments should be written in English. A l LOIs must be submitted electronically and received by the Foundation's deadline.

Please visit the web page for the grant program you are interested in for more details outlining proposal procedures. The timeline for all programs vary. Because the Terra Foundation must be acknowledged in all communication materials related to funded programs, applicants should time their requests so that grant notification will come before any of these materials are produced or distributed.

Please refer to the FAQ document found here for detailed information about the online application process. Direct questions about **proposal components** to grants@terraamericanart.org
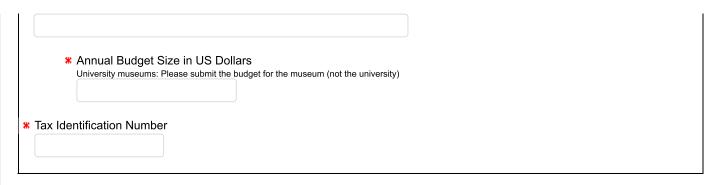

You can scroll through the LOI before filling out the data fields. You can also print out a blank LOI form for your reference.
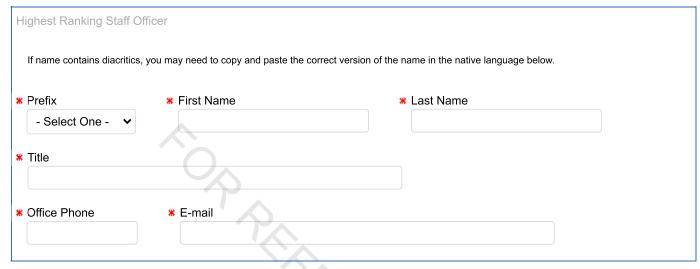

You may copy and paste from other documents into the fields below. If text contains diacritics (e.g. international characters, accent marks, etc.) you may need to copy and paste the text from an external document.
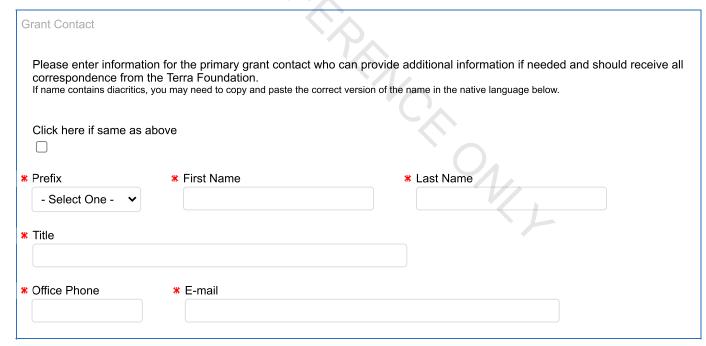

Please note that LOI fields accept only plain text and that formatting options are limited. Please use numbers rather than bullet points if submitting a list.

Attachment

If your grant request includes support for a collections-focused exhibition or reinstallation project, please provide a representative list of potential objects that are the subject of this project, noting any prospective lenders (up to four pages). (You are not required to attach an object list if you are applying only for a planning, research, and development grant.) We do not aim to see the full checklist of objects under consideration, only a sampling.

Please format the object list as follows: Organize the list by theme, section, or gallery (if applicable). Confirmed objects should be listed first within each theme, section, or gallery, followed by any objects only tentatively slated for inclusion for that section.

1. For any loaned objects, include the loan request status (pending or secured).
2. Use color, thumbnail-size images accompanied by their object information (4–7 objects per page; fewer than four generates too much paper, while more than seven is difficult to read). Readers appreciate legibility.
3. Please number each thumbnail.

An example checklist is provided here: Sample Exhibition Checklist
